

Moutain bike practical information

Chamonix June 15th, 2016

The construction works began on the Parsa chairlift at the Brévent area.

Hence mountain biking will be prohibited on Brévent area (municipal by-law n°006789/2016).

For obvious safety purposes, please follow these instructions.

The Compagnie du Mont Blanc is aware of the mountain bikers increasing demand. It is why some important works have been done for the past few years to offer trails and paths for these mountain biking enthusiasts.
