NOT TO BE MISSED!

WELCOME TO THE CHAMONIX VALLEY!

At the crossroad of Switzerland and Italy, Chamonix is the worldwide capital for skiing and mountaineering. Surrounded by its ski resorts spread out on the four sides of the valley, 90% of the ski area is above 2000m: around 50 km of cross-country itineraries, and 27 km of pedestrian walks.

Also discover the typical villages of the valley - Servoz, Les Houches, Argentière and Vallorcine -, but also:

AIGUILLE DU MIDI CABLE CAR

Glide up comfortably into the high mountains, and reach an altitude of 12604 feet. After a 25 minutes journey, you will enjoy a spectacular view all around you over the Mont Blanc and the French, Swiss and Italian Alps.

DISCOVER:

The Mont-Blanc wing: enjoy an incredible panoramic view from inside, in a warm space, through vast glass windows, over Mont Blanc, Mont Maudit and Mont Blanc du Tacul! Discover also great photos of mountaineers in action!

The waiting area: before boarding for the descent to the valley, discover an incredible adventure of human and technological endeavor: the construction of the cable car and its imposing machinery.

The highest covered area: this shelter built on the highest terrace at 3842m gives you the opportunity to hide from the wind and the cold while enjoying a stunning view!

The museum (“Espace vertical”): like a temple dedicated to climbers, mountaineers and mountain adventurers, it gives you a better understanding of the captivating high mountain world. Be a daredevil, step out on the sky ledge for a bit of a rush.

The Step into the void: an unforgettable experience! More than 1000m of emptiness beneath your feet in a 2m x 2m five-sided glass box;

The Hypoxia platform: discover how your body react to the lack of oxygen due to the altitude.

The Tube: a real work of art, this 32m long steel gallery, allows you to make a complete tour of the central pillar of the Aiguille du Midi.

MER DE GLACE

Facing the Drus and the “Grandes Jorasses”, the Mer de Glace is the longest glacier in France: 7km long with a surface area of 40 km².

From Chamonix, enjoy a marvellous 20mn ride on board of the famous small red rack and pinion train up to Montenvers area, at 1913 m. Do not forget to visit:

The Crystal Gallery: admire there a collection of very fine exhibits from the Mont Blanc range and learn about the exciting story of the crystal hunters.

The "Glaciorium": a little museum which will give you a better understanding of how glaciers form, exist and evolve over the centuries.

The Ice Cave: enter the entails of the glacier and admire ice sculptures! To reach the entrance, you will have to take a gondola and walk down about 600 steps.

The snowshoeing trails: open according to the snow conditions. Snowshoes can be borrowed for free at the Glaciorium: for further information, please ask at the cash desk of the Montenvers train station!

THE TRAMWAY DU MONT-BLANC

A retro voyage in an authentic rack and pinion train up to the splendid Plateau de Bellevue through the forests and snow-covered slopes. Calm and serenity guaranteed. An unusual “vintage” access to Les Houches – St-Gervais ski area, as well as to snow shoeing trails! Enjoy the panoramic view over the Bionnassay glacier, the Chamonix and Les Contamines valleys!

For further information about these three areas, please call the Compagnie du Mont-Blanc: **+33 (0)4 50 53 22 75!**

This “**on-demand transport**” service grants you the possibility of travelling through the whole Chamonix valley.

CONDITIONS TO HAVE ACCESS TO “ON DEMAND TRANSPORT”

You will get 1 hour free of charge in the indoor Saint-Michel, Mont-Blanc and Entrèves car parks as well as in several outside car parks!

In Chamonix:

- the Grépon pay car park at the entrance of the town and close to the Aiguille du Midi cable is close to a bus and Mulet stop;

To go and visit the Tourist Office coming from this car park, go on the path on the right side of these car park places, continue in front of the public toilets and then along the car park. At the end of the car park, continue straight away on the pavement along the Mont-Blanc hotel and its restaurant "Le Matafan". You will find the Tourist Information Office just after the hotel on your left side;
- The underground pay car park Saint-Michel has places for people with reduced mobility on the 1st, 3rd and 5th floors (which are the only floors with access to the lift). To reach the Tourist Office from this car park, please go on the bridge located in front of the car park, then go down on the access ramp on the left side of the church and continue straight away in front of the Mountain House (Maison de la Montagne) until a second access ramp which will directly lead you in front of the Tourist Office.
